

Dear Parents and Guardians,

The Papillion Area Lions Club is pleased to share an exciting opportunity for families in the Papillion area who have children living with **Type 1 diabetes**. Our club is dedicated to supporting youth health initiatives, and this year we are offering **financial assistance if needed for camp registration fees** for students who wish to attend a **diabetes camp during the summer of 2026**.

Diabetes camps provide a safe, supportive environment where children can learn valuable diabetes management skills, gain confidence, and build friendships with others who understand their daily experiences. We recognize the important impact these camps have and want to help make them more accessible to local families.

If your child is interested in attending a diabetes camp next summer, we invite those needing financial assistance to apply through the Papillion Area Lions Club.

We are honored to support the youth of our community and hope your family will take advantage of this opportunity. Should you have any questions, please contact us at 402-630-7602 / nurserust@yahoo.com. **Karen Rustermier**

Currently in Nebraska there are two camps available.

Camp Hot Shots Serves children age 6-11 and is a day camp at Platte River State Park in Louisville. Bus transportation is provided from the Westside Community Education facility on 108th and Grover. Parents night is June 8 at 6pm and campers attend (9-4) on the 9th - 11th.

Camp Floyd Rogers, which is an overnight camp the third week in June in Cozad Nebraska serves children from 8-18

Both camps have professional staff including dietitians, nurses, and medical staff.

Please return this form to me @ 8131 S. 107 St. LaVista, NE 68128 by **January 10** to indicate your interest in sending your child to camp in June 26.

Camp Hot Shots _____ Registration fee is \$200

Camp Floyd Rogers _____ Registration fee is \$700
